(Hurry because the drawing is on April 15th)

We are always striving to provide our patients with the newest technology to help prevent and heal any foot, ankle and lower leg problems they are having. We now have the EPAT for acute to chronic heel pain. It's noninvasive, drugless and minimally painless with no downtime. For more information see our website for FAQ's about the EPAT . Visit our website for a list of services we perform and see our video's on the EPAT and some of our other newer technology services such as laser treatment for toenail fungus and the KERYflex nail restoration system.

### Happy St. Patty's Day!

Green Beer and Corned Beef is Yummy and a common part of this holiday celebration, just remember Gout attacks may also be triggered by alcohol or eating too much of certain foods that have high purine content. For a list of foods to avoid or more info on gout please see our October Newsletter and Our Video on our website.

### ~QUOTE OF THE DAY~

Every Struggle in your life  
Has shaped you into the  
Person you are today.

BE THANKFUL

For the hard times, they  
Can only make you  
STRONGER...
